

## AMENDMENT TO THE SPECIFICATION

Please add the following paragraph to the specification directly under the title and prior to the "COPYRIGHT NOTICE."

[0000] The following applications are related: Application Serial Number 10/152,972 filed on May 21, 2002 titled Method And Mechanism For Managing Web Content Through a Web Browser; Application Serial Number 10/040,031 filed on December 31, 2001 titled Methods And System For Portal Web Site Generation; Application Serial Number 10/071,260 filed on February 7, 2002 titled Method And System For Distributed Formula Management; Application Serial Number 10/141,583 filed on May 7, 2002 titled Method And Mechanism For A Portal Website Architecture; Application Serial Number 10/141,485 filed on May 7, 2002 titled Method And Mechanism For A Portal Website Architecture; Application Serial Number 10/082,939 filed on February 25, 2002 titled Method And Mechanism For A Portal Website Architecture; Application Serial Number 09/167,092 filed on October 5, 1998, now Patent No. 6,487,552 issued November 26, 2002 titled Database Fine-Grained Access Control; Application Serial Number 09/812,896 filed on May 31, 2001; Application Serial Number 10/071,260 filed on February 7, 2002 titled Method And System For Distributed Formula Management; Application Serial Number 09/540,092 filed on March 31, 2000 now Patent No. 6,745,238 issued June 1, 2004 titled Self Service System For Web Site Publishing; and Application Serial Number 09/540,977, filed on May 31, 2000.

Please replace paragraph [0077] with the following paragraph.

[0077] In an embodiment, the next step 1320 in creating a new survey is to configure survey setup information. Survey setup information may be stored in the database and may describe the general operation of the survey. Survey setup information may be configured through a portlet, such as the survey builder portlet 1500 depicted in Fig. 15A and Fig. 15B, according to an embodiment. As Fig. 15A and Fig. 15B show, a survey builder portlet 1500 may be used to configure survey setup information by providing a user interface to obtain user input on topics such as: identification information section 1510, recipient information section 1520, multiple replies section 1530, portlet placement section 1540, end of survey options section 1550, welcome messages section 1560, and closing comments section 1570.
